"From the Helm"

Greetings, members and friends of Navy League Seattle!

Fleet Week is back! Connecting the public with the fleet is one of the best ways we can support our sea services. Community members are both impressed and inspired when they see the ships and those who serve up close and in person.

We are very excited to host visiting ships and their crews this summer with a range of activities, along with our co-hosts **Seafair** and the **Port of Seattle**. Come help us make Fleet Week a reality by volunteering or sponsoring our council events. You'll have fun while making a difference for visiting sea service members and our community.

In the meantime, please stay healthy and get vaccinated and boosted!

The Navy League was founded in 1902 with a clear three-pronged mission: to support the members of the sea services and their families; to educate the American people and their elected leaders about the critical importance of sea power for their economic prosperity and national security; and to help build America's future through successful youth programs like the Naval Sea Cadet Corps.
